Hydrasearch Co., Inc.
Attn: Mr. Dale Spencer
120 Admiral Cochrane Drive
Annapolis, MD 21401

Dear Mr. Spencer:

The results of the qualification testing which were monitored by the Defense Contract Management Area Operations (DCMAO), Baltimore and DCMAO, Ft. Worth, indicate conformance of the cross-qualification testing of your "HS449" end fittings with Parker Hannifin's "4265" hoses for all sizes, and "4224" hoses for sizes -40 and -48 with the requirements of Military Specification(SH), MIL-H-24135/4 and ML-H-24135/10.

Based on the above, qualification approval is hereby granted the above products. Your end fittings are approved to be manufactured at your 120 Admiral Cochrane Drive, Annapolis, MD plant. Parker Hannifin's hoses are approved to be manufactured at their 2974 Marion-Green Camp Road, Green Camp, OH plant. The approvals are subject to the conditions printed on the reverse side of this page.

Based on the above approvals, and authorizations from your firm and Parker Hannifin, approval is granted Parker Hannifin to rebrand your "HS449" end fittings under their brand designation "449" and your firm is granted approval to rebrand Parker Hannifin's "4265" and "4224" hoses under your brand designation "HS4265" and "HS4224". These rebrand approvals are also subject to the conditions printed on the reverse side of this page.

Your products and Parker Hannifin's products will appear on QPL-24135 as follows:
